Education

Front End Developer – Medieinstitutet

2022 – 2024

Currently studying to become a front end developer

Bachelor's Programme in Business Studies – Uppsala University

2018 – 2021

Except the basic business classes I also enrolled in law courses, negotiations and organizational courses

Initial programming in Java – Luleå University of Technology

2020

Java programming was a freestanding course I enrolled in to widen my perspective of programming on a basic level

Web Development – Luleå University of Technology

2020

A freestanding course where I freshened up my web development experience from high school

Work Experience

Bulhus Fritid – Gotland

2018 –

Work at the family owned business with various tasks both in the restaurant and hostel part, and also the maintenance and construction area

Visby Självflytt – Gotland

2020

Worked at a local moving company and helped out from time to time with various
